SHAW'S PLEASANT ACRES

Shorthorn Reduction Sale

SATURDAY, OCTOBER 15, 1960 — TRIMBLE, MISSOURI

Sale at the Farm — 1:00 p.m.

The farm is located 5 miles east of Trimble, Mo. Follow the Trimble Wild Life Area signs to the east side of the Wild Life Area. Trimble, Missouri is located 20 miles north of Kansas City on U.S. Hiway 169.

— 110 HEAD SELL —

40 Cows with calves at foot and rebred	40 Steer calves
10 Yearling heifers	15 Heifer calves
5 Bulls	

BUY YOUR F.F.A. AND 4-H CLUB CALF-WINNERS HERE

The Shaw herd, established by Kansas City businessman, George J. Shaw, in 1952, has now grown to 300 head of registered Shorthorns. This is too many for a half-section of grass so he is dividing his herd with buyers at this time. Featured will be 40 cows, every one with a calf at foot and rebred; 34 Shorthorn cows, including 6 daughters of the \$6,000 Calrossie Captain John; 12 by HVF Leader 7th, 2nd prize as a junior calf at the American Royal; others by Moy Bounty, Sni-A-Bar Ransom Mercury, Sunset Bounce 26th, Burton Marshall, Parkdale Headlight and Newallyn King. There will be 6 big, thick, deep Polled Shorthorn cows, daughters of Red Oak Grand x, Vanity Prince Royal x, and HVF Leader 7th. The calves at foot are sired by the present herd sires, Imp. Moy Bounty by Crichton Air Marshall, Roanridge Bounce by Sunset Bounce 26th, Roanridge Footprint by Sunset Bounce 26th and from the same family that produced the reserve champion steer at the 1954 American Royal; 10 yearling heifers, top selections and just ready to breed; 5 bulls, including the two-year-old junior herd sire, Roanridge Churchill, top-selling bull in the Roanridge Dispersion Sale; 4 coming two-year-old bulls, sired by H V Clipper Research, Moy Bounty and Achilles by Marellbar Essander.

The 40 steer calves and 15 heifer calves, all out of registered cows, will be identified as to sire and dam and include some outstanding individuals.

Everything sells fully guaranteed and T.B. and Bangs tested, and will be sold under cover at the farm in right off-grass condition.

For the details and catalog, write —

MERVIN F. AEGERTER, Sale Manager, SEWARD, NEBRASKA

C. D. Swaffar, Auctioneer

TRIMBLE, MISSOURI • OCTOBER 15, 1960

GENERAL INFORMATION

TIME and PLACE – Saturday, October 15th, at 1:00 p.m., at Shaw's Pleasant Acres Farm located 5 miles east of Trimble, Mo. Follow the Trimble Wild Life Area signs and go to the east side of the Wild Life Area where you will see the Shaw's Pleasant Acres gate entrance. (See map elsewhere in this catalog.) Trimble is located just 20 miles north of Kansas City, Mo. Any late sale day messages can be directed to the Sale Manager or to the owner, George J. Shaw, at the farm.

Telephone: Plattsburg, Mo. – Keystone 92-803.

GUARANTEE – All cattle in this sale will be sold under the standard guarantee endorsed by the American Shorthorn Breeders' Association. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale, without trouble to the purchasers, but at their risk of loss or injury.

TERMS – The terms of the sale are cash.

HEALTH – All cattle will be T.B. and Bangs tested, and official calf-hood vaccination for Bangs disease has always been practiced. All cattle are guaranteed to comply with the health regulations of any state or country into which they may go.

MAIL ORDERS – Those unable to be present and who desire to do so, may send buying orders to any of the following reliable men, all who will be in attendance:

Mervin F. Aegerter, Sale Manager, The Shorthorn World, Seward, Nebr.

Ted Aegerter, Field Representative for the American Shorthorn Ass'n, Seward, Nebr.

Veryl Jones, Kansas City Daily Drovers Telegram, Clinton, Mo.

Mark Dempsey, Missouri Ruralist & Kansas Farmer, Shelby, Mo.

Auctioneer: C. D. Swaffar, 1111 So. Pittsburg, Tulsa, Okla.

LUNCH – Can be obtained at the farm on sale day.

LIABILITY – Although every precaution will be taken to provide for the safety and comfort of those attending this sale, all who attend do so at their own risk. Neither the owner, auctioneer nor the sale manager accepts any liability for accidents that may occur.

ROANRIDGE FOOTPRINT —

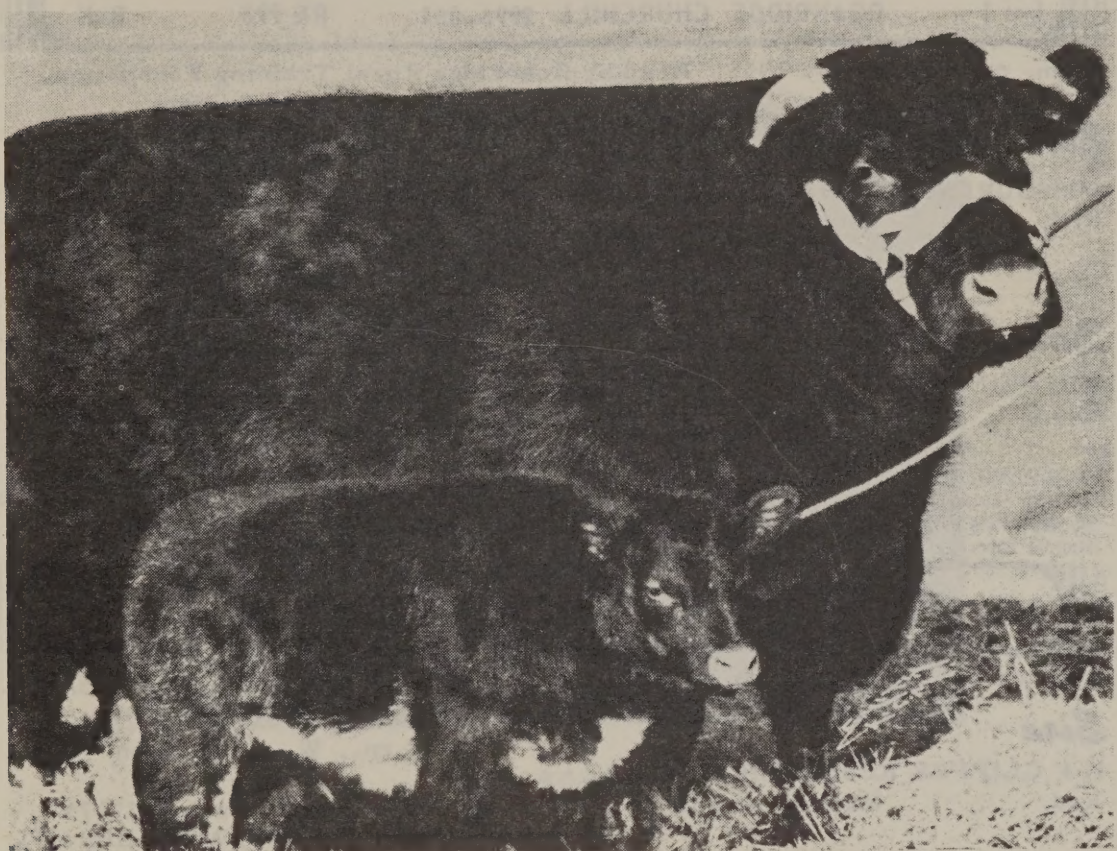

A solid red son of Sunset Bounce 26th by Cruggleton Bounce and out of Saltoun Aldine Broadhooks by Calrossie Footprint. This is the same family that produced the reserve champion steer at the 1954 American Royal. A number of the top calves selling are sired by him, and many of the cows will be mated to him.

SIX POLLED COWS WITH CALVES AT FOOT AND REBRED
SELL IN THIS SALE

BIG, THICK, DEEP-BODIED COWS — GOOD-HEADED —
AND DAUGHTERS OF TOP BULLS

SHAW'S SHORTHORN REDUCTION SALE

34 SHORTHORN COWS WITH CALVES AT FOOT AND ALL REBRED. You can't go wrong, buying breeding combinations like this. You'll like the good Scotch pedigrees and you'll also like the well-bred, big, thick, deep bulls that have been used in this herd.

THERE WILL BE SOME REAL BUYING OPPORTUNITIES HERE.

When George J. Shaw, Kansas City businessman, decided to go into the Shorthorn business in 1952, he immediately indicated that he never did anything half way. He set out immediately to buy top females in volumn, the first of which was in the Highland View Farm - Staley Sale. He had acquired a half-section of good grassland just east of the Trimble Wild Life Area and this was to supplement his large Missouri River bottom cornland which he had already been operating.

At a recent count, he had 293 head of registered Shorthorn cattle at Shaw's Pleasant Acres. This was too many for a half-section of grassland, especially in case a dry year should come along.

He has featured the production of steer and heifer calves for F.F.A. and 4-H Club work. His present cow herd includes 70 daughters of Highland View Farms Leader 7th, grandson of Edellyn Royal Leader and 2nd prize junior bull calf at the American Royal.

The cattle are being offered just off pasture condition, but they show their bloom and quality.

It looks like one of the most sure profit-proof offerings that will be made this fall, and I urge everyone to attend. Please keep in mind that Shorthorn people from a distance can attend this sale on Saturday, attend the big Shorthorn get-together in Kansas City on Sunday and then watch the Shorthorn judging at the American Royal Livestock Show on Monday and Tuesday.

MERVIN F. AEGERTER, Sale Manager

TRIMBLE, MISSOURI • OCTOBER 15, 1960

SPA CORBETT CARNATION -- A granddaughter of Killearn Monarch 29th that sired the winning Get of Sire at Denver for Holz Bros. Also, many other champions and top sellers. Her dam is a granddaughter of Edellyn Campeon Mercury, one of the greatest bulls of the breed. We had the misfortune to lose her calf early this spring, but she is safe in calf now to Roanridge Bounce.

TRIMBLE, MISSOURI • OCTOBER 15, 1960

GLASSINGALL RESEARCH — three-time Chicago International Winner

These great sires are in service

ROANRIDGE FOOTPRINT — A solid red son of Sunset Bounce 26th by Cuggleton Bounce and out of Saltoun Aldine Broadhooks by Calrossie Footprint. This is the same family that produced the reserve champion steer at the 1954 American Royal.

MOY BOUNTY — A red son of Crichton Air Marshall and bred by W. F. Ferguson in Scotland.

ROANRIDGE BOUNCE — A thick, deep-bodied, full-quartered son of Sunset Bounce 26th.

ROANRIDGE CHURCHILL — Top selling bull in the Roanridge Dispersion Sale.

KAR-BURN COMMANDO — This solid red bull bred by Luther K. Rice, Kentucky, is a top young prospect and he's being mated to 15 of our choice yearling heifers.

SHAW'S PLEASANT ACRES

GEORGE J. SHAW

TRIMBLE, MISSOURI

Farm located 1½ miles East of Trimble Wildlife Area Entrance.

SHAW'S SHORTHORN REDUCTION SALE

Standard Guarantee of the American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.

MEMO

1. The purpose of this memo is to inform you of the results of the recent survey conducted by the Research Department. The survey was designed to determine the level of interest in the proposed new product line. The results indicate that there is a strong interest in the proposed line, particularly in the area of high-quality, low-cost products. This finding is significant as it suggests that the proposed line is likely to be successful in the market.

2. The survey was conducted using a random sample of 1000 respondents. The results were analyzed using statistical methods to determine the level of interest in the proposed line. The results indicate that 75% of the respondents are interested in the proposed line, with a particular interest in the area of high-quality, low-cost products. This finding is significant as it suggests that the proposed line is likely to be successful in the market.

3. The survey also identified several key factors that influence interest in the proposed line. These factors include the quality of the products, the price of the products, and the availability of the products. The results indicate that the quality of the products is the most important factor, followed by the price of the products. The availability of the products is also a significant factor, but it is less important than the quality and price of the products.

4. Based on the results of the survey, it is recommended that the proposed line be developed and marketed. The results indicate that there is a strong interest in the proposed line, particularly in the area of high-quality, low-cost products. This finding is significant as it suggests that the proposed line is likely to be successful in the market.

5. The proposed line should be developed and marketed in a way that emphasizes the quality and low cost of the products. The results indicate that the quality of the products is the most important factor, followed by the price of the products. The availability of the products is also a significant factor, but it is less important than the quality and price of the products.

6. The proposed line should be marketed in a way that emphasizes the quality and low cost of the products. The results indicate that the quality of the products is the most important factor, followed by the price of the products. The availability of the products is also a significant factor, but it is less important than the quality and price of the products.

7. The proposed line should be marketed in a way that emphasizes the quality and low cost of the products. The results indicate that the quality of the products is the most important factor, followed by the price of the products. The availability of the products is also a significant factor, but it is less important than the quality and price of the products.
